

Rubric: Presentation Assessment

Criteria	Level 4	Level 3	Level 2	Level 1
I. Content	Conducted research and presented new information. The class learned new things	Conducted some research and presented general knowledge. The class did not learn many new things	Little evidence of research. Limited learning in the class.	Did not conduct research. Made the presentation up from present knowledge. Little benefit for other students.
II. Use of Media	Used various media appropriately to present information. Media enhanced the presentation and did not distract from the content.	Use different media to present information. Use of media did not enhance the presentation	Poor attempt at using different media. Use of media was distracting	Little effort to use media to present information.
III. Originality	The presentation was original in design, content and use of media.	The presentation had a mix of original work and copied work	Most of the presentation was borrowed from other sources and just changed a little bit.	Copied work. Nothing original.
IV. Creativity	The presentation was creative in design and the use of media to present information.	The presentation had some creative design and use of media to present information.	The presentation was largely traditional in the use of media to present information	Little signs of creativity.
